“Ethiopian Government Must Stop Killing Oromos for their Land”

Gambella Nilotes United Movement/Army (GNUM/A) condemns the mass killing perpetuated by the TPLF-Led Ethiopian government's security forces against the Oromo University students and other innocent civilians which occurred in many parts of Oromia Region particularly in Ambo Zone since last two weeks. The students were peacefully demonstrating their constitutional right for the Oromo farmers who were/are forcefully and illegally evicted from their ancestral land around Finfine (Addis Ababa) due to new Addis Ababa Integrated Master Plan imposed upon them.

As our sources confirm the killings continue in Nekemte town and other areas of which unconfirmed number of innocent Oromos are being massacred. Many are arrested and many more disappeared from their homes as the protest demonstrations continue.

It should be known that the proposed Master Plan by the TPLF ó Led government of Ethiopia did not consider the interest and participation of the Oromo people to ensure that it would not cause eviction of people and land grabbing. The plan affirms the continuation of land grabbing policy designed to displaced poor rural people of Gambella, Ogaden, Benisgangul Gumuz, Afar, South Omo and other parts of the country.

The Master plan will evict million of Oromo farmers from their ancestral land and make them landless, an act which denies their traditional land ownership rights around Addis Ababa. It must be condemned at all might for it is undemocratic and barbaric. It follows the mode of Menelik who built the country on slave trade economy in raiding slaves and plundering resources of the subjects, in exchange for weapons from European colonisers to build his hegemony, of which the Oromos, Gambellans, Ogadenians, Beneshagul/Gumuz people, Afar, south western nations and nationalities, and others were the victims. The wounds inflicted by the Menelik in the past are still open and bleeding, and it is immoral for the TPLF- Led government to scratch the wounds inflicted by their ancestors against Oromos without remorse.

For this reason we call upon all the Oromos to unite. Whatever differences may exist, Oromos must unite as one body and seek solidarity from other oppressed people who are fighting for their freedom. The TPLF ó Led Ethiopian government is racist beyond any doubt, and it is a failed state that believes in enforcing its racist policies at gun point. The unity and

moral we have are more than the weapons they put their belief. We shall prevail. It must not be allowed to sell out Oromo land to foreign investors or to settle their own people in Oromos land while Oromos are evicted. Currently other Ethiopian are not entitled to own large land for their business unless those coming from northern part of the country. The land taken from all the oppressed people elsewhere in the country including the Oromos should be categorized as stolen property, in which day has come, actually it is very near to claim it back from all TPLF members and supporters.

We encourage all Oromo people to continue with their demonstration not to allow any inch of Oromo land to Addis Ababa Master Plan. We call upon all the Oromo people throughout the world to strengthen their solidarity in support to those who are sacrificing their lives in the country for the freedom of Oromos.

Gambella Nilotes United Movement/Army (GNUM/A) is also calling upon all people of Gambella and other South Western Nilotes to stand together with Oromo people who are suffering under brutal Ethiopian government.

We call upon the international community, international human rights organizations and other concerned bodies to condemn the ongoing human rights abuses and atrocities perpetrated by the TPLF/EPRDF regime against the Oromo innocent civilians who are demanding their constitutional rights from the government.

We are also calling upon the United Nations, EU, AU, and all other humanitarian organizations operating in Ethiopia to closely monitor the political and military action against the innocent civilian in Oromia region.

At last we call upon the TPLF/EPRDF government to stop killing of the Oromos; to release our brothers kept in various prisons in the country under inhumanly conditions; to recognize the communal land rights and ownership in accord with the UN provisions; to respect Article 39 provision in the constitution and recognizes territorial integrity to stop extinction measures; to respect our independence development and foreign policies to ensure our freedom and prosperity in our territories.

In conclusion the Gambella Nilotes United Movement/Army (GNUM/A) will continue its struggle for all people of Gambella and other oppressed Ethiopian to ensure freedom, justice, security and prosperity are brought to the oppressed.
